

Advising your future.

Time To Consider Alternatives To Term Deposits

Term Deposit rates have never been as low as they are today – and the outlook doesn't suggest they are likely to rise anytime soon. For many retirees this has created added financial stress at an already difficult time.

The team at Nuvview Wealth Solutions are responding to an increasing number of enquiries from people looking for investment options beyond term deposits. We offer a wide range of New Zealand and International diversified investment options. We can also help you work the numbers to forecast a sustainable rate at which you can enjoy your money, without worrying about outliving it.

To make a new investment approach even more appealing, Nuvview have negotiated with our investment manager NZ Funds a **“try before you buy”** offer. Under this offer if you choose to invest then NZ Funds will waive investment management fees for the first 12 months*

If you'd like to chat about your finances an initial chat is free, and we are confident you will find it valuable. To arrange yours simply call Nuvview on 0800 565 321 or email us at office@nuviewwealth.co.nz

Sincerely
