

Advising your future.

24th March 2020

Dear Clients,

As you will be aware, the Government has increased the Alert to Level 3 and this will increase to Level 4 at midnight Wednesday.

Financial Advice is not considered by the government to be an essential service and therefore our office is now closed. We consider that we do provide an essential service to our clients and we will endeavour to provide as much of our normal service as possible.

We will all be working from home for the next four weeks. Our Hawkes Bay telephone will be answered by Murray and the rest of the calls will be answered by Ken, who will direct the calls accordingly.

Hawkes Bay (06) 878 5656

Manawatu (06) 355 4402 or 0800 565 321

NZ Funds, as lead Manager of your portfolio, has been keeping us all well informed of the steps they have taken to reduce the impact on the portfolios. We will continue to forward these updates.

Please stay safe.

Kind regards,
